A First Class Temperament-Geoffrey C. Ward 2014-09-09 In this classic of American biography, based upon thousands of original documents, many never previously published, the prize-winning historian Geoffrey C. Ward tells the dramatic story of Franklin Roosevelt’s unlikely rise from cloistered youth to the brink of the presidency with a richness of detail and vivid sense of time, place, and personality usually found only in fiction. In these pages, FDR comes alive as a fond but absent father and an often unfeeling husband--the story of Eleanor Roosevelt’s struggle to build a life independent of him is chronicled in full--as well as a charming but pampered patrician trying to find his way in the sweaty world of everyday politics and all-too willing willing to abandon allies and jettison principle if he thinks it will help him move up the political ladder. But somehow he also finds within himself the courage and resourcefulness to come back from a paralysis that would have crushed a less resilient man and then go on to meet and master the two gravest crises of his time.

Nice Big American Baby-Judy Budnitz 2007-12-18 A blazingly original, profoundly moving new work of fiction by a writer whose world--and imagination--knows no boundaries. “I don’t know what planet Judy Budnitz comes from,” said Newsweek on the publication of her fiction debut, Flying Leap, “but I’m happy to have her. Tremendous . . . funny, dark, adventurous, slanted, and enchanted.” These twelve astonishingly inventive stories--which take us into the heart of America and around the globe, from suburban backyards and swimming pools to war-torn streets and fallout shelters--are riveting, seductive, and impossible to forget. In “Flush,” a mammogram prompts a dark comedy of blurred identities between a mother and her two adult daughters. In “Elephant and Boy,” a surrogate mother-and-son bond, tinged with the erotic, is formed when a philanthropist attempts to “civilize” a young elephant handler. “Nadia” sounds the depths of a young woman’s complex feelings toward a friend’ s mail-order bride from Eastern Europe. “Preparedness”--an Orwellian tale in Technicolor--imagines rapture in the wake of imminent apocalypse. And in “Where We Come From,” a pregnant woman’s many failed attempts to cross the border do not lessen her resolve to give birth on U.S. soil to a “nice big American baby.” Magical, poignant, often transcendent, these are virtuoso modern fables that mine our stores of hidden urges, misunderstandings, and blind passions, inviting us on a voyage through places and times at once deeply familiar and wondrously strange.

TEMAS (Tell-Me-A-Story) Assessment in Multicultural Societies-Giuseppe Costantino 2020-08-26 Ethnic minority children now comprise over 75 percent of students in 100 of the largest cities in the United States. However, these students have not been given equal access to, nor benefited from, the contemporary mental health system as have their non-minority peers. TEMAS (Tell-Me-A-Story) Assessment in Multicultural Societies examines the health/mental care system in which professional service providers, including psychologists, labor to offer quality care for youth in the United States. The authors ardently support the use of the TEMAS assessment instrument as a useful tool for diagnosis of all youngsters, particularly its use on the growing population of minority children and adolescents. Part I presents a rationale and context for employing TEMAS. Introductory chapters describe the mental health status of the population at-risk, as well as systems of care for youth where assessment and intervention are components. Topics to follow highlight a history of positive TEMAS test reviews with the detail required by instructors for preparing dedicated TEMAS courses. The volume thoroughly outlines cross-cultural studies and illustrates case examples of European-American, Hispanic/Latino, Asian-American, and forensic studies. TEMAS (Tell-Me-A-Story) Assessment in Multicultural Societies brings practical insight

to instructors who teach standard assessment courses; clinicians, counselors, and school psychologists; assessment specialists; and administrators concerned with mental health services designed for children and adolescents.

Before the Trumpet-Geoffrey C. Ward 2014-09-09 Before Pearl Harbor, before polio and his entry into politics, FDR was a handsome, pampered, but strong-willed youth, the center of a rarefied world. In *Before the Trumpet*, the award-winning historian Geoffrey C. Ward transports the reader to that world—Hyde Park on the Hudson and Campobello Island, Groton and Harvard and the Continent—to recreate as never before the formative years of the man who would become the 20th century's greatest president. Here, drawn from thousands of original documents (many never previously published), is a richly-detailed, intimate biography, its central figure surrounded by a colorful cast that includes an opium smuggler and a pious headmaster; Franklin's distant cousin, Theodore and his remarkable mother, Sara; and the still-more remarkable young woman he wooed and won, his cousin Eleanor. This is a tale that would grip the reader even if its central character had not grown up to be FDR.

Images of Postmodern Society-Norman K K Denzin 1991-08-27 By using a series of studies of contemporary mainstream Hollywood movies - "Blue Velvet, Wall Street, Crimes and Misdemeanors, When Harry Met Sally, Sex Lies and Videotape, Do the Right Thing "- Norman Denzin explores the tension between ideas of the postmodern, and traditional ways of analyzing society. The discussion moves between two forms of text: social theory and cinematic representations of contemporary life. Denzin analyzes the ideas of society embedded in poststructuralism, postmodernism, feminism, cultural studies and Marxism through the ideas of key theorists like Baudrillard, Barthes, Habermas, Jameson, Bourdieu and Derrida. He relates these to the problematic of the postmodern self as exposed in cinema centering on the decisive performance of race, gender and class.

How this Old Etonian former Cabinet Minister on Mrs Thatcher's inner circle managed to establish new relationships and lasting friendships with fellow prisoners is fascinating - so too is this account of how religious belief transformed his life. Aitken has lost none of his charm, fluency and determination - and he has found an authentic new life which readers of this entertaining new book will be able to judge for themselves. Schoolbook Nation-Joseph Moreau 2010-02-22 "A superior book. . . . Many readers will be surprised to see that today's arguments about history education follow the culture wars that go back to almost the beginning of the republic. Moreau's writing is engaging, with brilliant flashes of insight, as well as balance and wit." -Gary B. Nash, Director of the National Center for History in the Schools Taking Frances FitzGerald's textbook study America Revised as a point of departure, Joseph Moreau in Schoolbook Nation challenges FitzGerald's premise that the 1960s were the beginning of the end of the glory days of American history education. Moreau recounts how in the late twentieth century, cultural commentators such as historian Arthur Schlesinger Jr. and politician Newt Gingrich preached that a new identity crisis had shaken American history in the sixties, and that the grand unified view of our past had given way to various interest groups, who dismantled the old national narrative while demanding a more "inclusive" curriculum for their children. Moreau discovered, however, that American history, while grand, has never been unified. Delving into more than 100 history books from the last 150 years, the author reveals that the efforts of pressure groups to influence the history curriculum are nearly as old as the mustiest textbook. "For those who would influence textbooks and teaching-Protestant elites in the 1870s, Irish-Americans in the 1920s, and conservative politicians today-the sky has always been falling," according to Moreau. Schoolbook Nation offers a history lesson of its own: when the story of the past is written or rewritten, truth is often a victim. With its comprehensive treatment of the subjects of honesty and politics in the teaching of history, this is an essential book on the side of truth in a complex debate.

I Drink My Moo I Do My Poo That's All I Do-Robert Baker 2020-09-30 Time to go....I've taken enough of your time..... My life has been a good life. I think I handled everything that was thrown at me. I know others were involved in some of the trials and tribulations that came my way and I hope I handled them OK. If I didn't, I'm truly sorry. Growing up I thought my childhood was bad in some respects. But a couple of things have changed that idea. One was writing this story. The other was back into the 80's when my mother moved to Seattle and I listened to her talk to my daughters about my childhood. When I listened to her tell those stories, I realized I had built a wall around my upbringing and I was steadfast in thinking, "it wasn't as good as it could have been". Those stories made me realize, "I did have a good childhood", and just maybe..... I could have been a better son.
